

The SADC provides flexible financing up to 150 000\$ to SMEs which are starting up, expanding or in financial recovery.

The main uses of this fund are:

- Acquisition of property
- Improvement, modernization or expansion of facilities
- Business acquisition
- Restoring of working capital

Priorities

Investment priorities of the SADC are focused towards businesses which are:

- Demonstrating growth or growth potential and with good prospects for profitability and sustainability
- Respecting the guidelines of the SADC
- Managed by an efficient and competent team
- Introducing a financial plan or a financial structure that supports the ability to carry out the project

Eligibility

- Have its headquarters, its main activities and related jobs in the territory of the MRC of Coaticook.
- The enterprise has total assets under 10 million dollars and less than 200 employees.

Other features

- This financial product may be combined with other SADC products for the business. However, the sum of these loans may not exceed \$150,000.
- The repayment methods are flexible and adapted to the reality of each project.
- The interest rate is in function with the financial risk assumed by the SADC in the project.
- No fees for advance payment

A complete record usually receives a response within three weeks.
